In 4th/5th grade classroom...

ELA

In 4TH and 5TH grade we love to write. Students are constantly practicing their writing skills. They learn to write great stories on their journals. They begin with a few sentences, then they write a complete paragraph on their own, later it is not only one paragraph they write but 5 or 6 complete paragraphs with correct punctuation and nice penmanship. Their handwriting becomes a very important piece in their education.
